

Cadets will build own aircraft

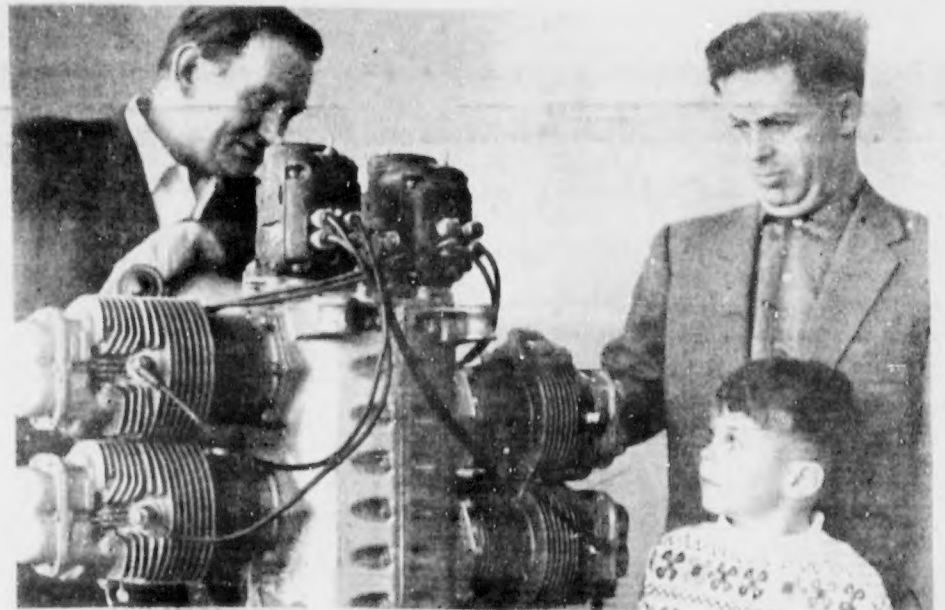

With the delivery on Saturday morning of their completely re-conditioned aircraft engine, some thirty Cadets in St. Albert Squadron are all set to roll on an exciting new project. They are going to build their own aircraft and will be the first cadet squadron in Canada to do so, as far as can be ascertained. The boys are fortunate in that two of their instructors are eminently qualified to supervise the project. Gerry Ward and John Cooley have already built an aircraft which will serve as a practical demonstration for the cadets as they progress with their own craft.

Isn't she a beauty? That's the Continental, air-cooled 65 h.p. aircraft engine for the aircraft the St. Albert air cadets are going to build. It was provided through the good offices of Mr. John Cooley, who has assumed financial responsibility for the engine in order not to delay the project. The purchase was made possible by St. Albert Savings and Credit Union and was supplied by Falconar Aircraft of Edmonton at cost (\$500). In the top picture Gerry Ward, instructor, (at left) Marcel Bergevin, commanding officer of the St. Albert Squadron and Keith Russell look over the engine. Lower photo shows instructor John Cooley at left, with Mr. Chris Falconar of Falconar Aircraft Ltd., and Mr. Falconar's young son examining the engine after it was delivered at the Savings and Credit Union office on Saturday morning.

the aircraft. The cadets are hoping to enlist the support of the community as they go along with their new project. With sufficient funds coming in they could complete their aircraft by the end of June of next year.

Their new engine is on display at the Credit Union office and anyone interested in helping the cadets along may do so by making a deposit directly into the Cadet account with the St. Albert Savings and Credit Union.

John Deere gets go-ahead Bishop street decision soon

Some 40 property owners were in attendance at Monday's council meeting, the first hour of which was taken up by a public hearing regarding a re-zoning application which would facilitate a commercial development by John Deere on River Lot 28.

Representatives from John Deere and B.A.C.M. (Engineered Homes) addressed council.

Mr. John Woodroffe of the Edmonton Regional Planning Commission outlined future development in the area. He stated he would prefer the area not be developed at all for the time being.

Mr. Bill Veness, who owns land in the area, told council

he would not want to see a development go up which would "match the mess" now situated on the south approach to the town. He urged council to take a very close look at the proposal before them.

Mr. Veness asked council if they considered three or four days notice was sufficient time for the property owners in the area to appear before council to make their submissions.

After the delegation left the council chambers, Councillor Bakker moved that the town go on record as being willing to approve the John Deere development and that River Lot 28 be rezoned to C4. This was carried by a vote of 5 - 1.

Council went into committee for 40 minutes to discuss industrial development. To close or not to close... The Bishop Street problem will be decided on by the public works committee.

Councillor Lukay at Monday evening's council meeting again expressed his concern over the west lane of Bishop Street, stating it is

HONOURABLE
GRANT MACEWAN

MacEwan to speak to men's group

The Honourable Dr. J. W. Grant MacEwan will be the guest speaker when a group of men from all the churches in St. Albert gather for dinner on Monday, Nov. 4 at 6:30 p.m. in the lower hall at St. Albert United Church.

It is hoped this dinner meeting may be the first of a series bringing together the men of the various local churches for a further cementing of ecumenical fellowship and the opportunity to hear some outstanding speakers in a variety of fields.

Women from all church groups will cater the dinner and tickets are available from the ministers of each congregation at \$1.50.

Hypnotist here Friday

See your friends hypnotized on stage, learn about self-hypnosis! All this and much more comes your way when Master Sinclair presents his three-hour family type show at the George Simpson School auditorium, Nov. 1 and 2 at 8 p.m. Advance tickets from all St. Albert Lions, the Gazette, Jim Byrne's Mens Wear, Bank of Montreal and Hutchings Shoes, are available at reduced prices, or get them at the door at show time.

A new life in a new land begins for newlyweds

by Hennie Stibbe

A quiet wedding ceremony Saturday evening climaxed a

very eventful time in the lives of 24 year old Jozef Beres and Anna Zamozikova

19, of Bratislava, Czechoslovakia.

When Russian troops invaded their country the young couple saw all their hopes of liberalization and reform shattered. They realized they could never live the kind of life they had hoped for under Russian domination. So the two young university students, who were in Vienna, Austria at the time of the invasion, decided not to return to their homeland but applied for entry into Canada, leaving behind in Czechoslovakia their parents, brothers, sisters, friends and most of their belongings.

The two young education students flew to Montreal and from there a train took them to Edmonton.

Both Jozef and Anna speak Russian, German and French in addition to Czech, but very little English.

Upon arrival in Edmonton Oct. 5, Jozef and Anna were taken to the Royal George Hotel by Manpower officials. It was a very difficult time for the young Czechs. Except for a young couple who had travelled from Montreal with them and a couple who had come from Czechoslovakia three years ago, they did not know anyone in the city. It was difficult making themselves understood and it was a problem finding their way around the city.

Having heard an appeal at the Leighton Ford Crusade for Canadians to assist the new arrivals from Czechoslovakia, the Reverend and Mrs. Harry Onishenko of 4 Greenview Crescent had decided they could make room in their busy family of three children and offered to take a Czech couple into their home.

Jozef and Anna arrived

at the Onishenkos Oct. 17, and, smiles Mrs. Onishenko, "they fitted right in." Mrs. Onishenko marvels at how cooperative Jozef and Anna have been. "They try so hard to make themselves understood and are so very appreciative of the things we have tried to do for them," she adds. "This is one experience I would not have traded for anything," she said, remarking that just listening to the young Czechs tell of life in their country has made a very big impression on the Onishenko boys, Lloyd and Barry. Five-year-old Lorraine just adores the families house guests and seems to have very little trouble communicating with them.

The Reverend Onishenko is fluent in Russian and German, but Mrs. Onishenko finds conversing a bit

Cont'd on Page 8

Kambouroff resigns as chamber head

Rene Kambouroff of R. Kambouroff and Co., public accountants and auditors, has resigned as president of the St. Albert Chamber of Commerce.

Mr. Kambouroff, elected to St. Albert council in the Oct. 16 civic election, said he felt that "holding down the jobs of councillor and president of the Chamber could result in a conflict of interest."

He said he would remain on the Chamber's executive.

Robert Bate of Rae's Beauty Salon, an executive member, will take over as president of the Chamber. Elections are not scheduled until March of next year.

JOZEF BERES and ANNA ZAMOZIKOVA pictured at their wedding ceremony Saturday evening. The Reverend Harry Onishenko officiated. Gazette Photo.

Firemen lose ally

St. Albert Fire Department, one of thousands across Canada which yearly join in the fight against muscular dystrophy, has lost one of its biggest weapons.

Mrs. Mary Dronyk of 62 Sheridan Drive, who for the past four years has organized a hard-working canvassing team of St. Albert mothers, has had to withdraw because of a slipped disc in her back.

The fire department, which raised more than \$600 last year, has found no one to take her place so as a result there will be no residential canvass this year.

"For the past four years she has been responsible for the major part of the money we have raised," Fire Chief Fred Tetarenko said Monday. "We'll miss her terribly."

The fire chief said that because of Mrs. Dronyk's efforts, the department had received certificates of merit three years in a row from the Muscular Dystrophy Association of Canada.

Mrs. Dronyk, whose son, Orest, died at 19 from the disease, said the people of St. Albert should be thanked for the way they respond to the canvass.

"It comes at a bad time, right after the United Appeal and right before Christmas," she said, "yet they give with their hearts."

The fire department's campaign this year will consist mainly of the setting up of canisters and posters in local businesses. Donations may be sent to Chief Tetarenko in care of the local fire department.

Recreation in St. Albert

GOURMET COOKING

The Gourmet Cooking course starts on Monday, Nov. 4 in the music room at Leo Nickerson School at 8 p.m. There will be two talks on Nov. 4 and 18 followed by two demonstrations in the kitchens of Northwestern Utilities on Nov. 25 and Dec. 2.

A similar course was held last year and was very well received. There is no charge but if you are interested, please let us know by phoning the department at 599-6601.

BASKETBALL

The YMCA - sponsored basketball program for boys aged 12 to 14 is now being held in Sir George Simpson Junior High School every Tuesday and Thursday from 7 to 9 p.m.

Boys who are interested in playing basketball should phone the coach, David Hansen, at 599-3713. Uniforms are supplied but bring your running shoes.

BADMINTON

The Badminton Club meets on every Monday, Tuesday and Thursday in Vital Grandin School from 8 to 10:45 p.m. The deadline for obtaining memberships is Oct. 31 (Adults \$7.50; Juniors \$5.). Enquiries can be made by phoning Doreen Dolman at 599-7248.

HOCKEY AND FIGURE SKATING

Through the cooperation of the schools, registration forms for both hockey and figure skating are being distributed this week to all students. Parents, please note that registration day is on Saturday, Nov. 2 when all forms should be submitted, along with fees, at the locations and times stated on the forms.

MEN'S SOCCER

The local St. Albert team, sponsored by the Legion, will be playing their first game in the Edmonton District Indoor Soccer League on Sunday, Nov. 10 in the Kinsmen Field House. They

Council

From Page 1

a very "vulnerable" spot, adding the town has been fortunate no accident has taken place there yet.

He stated that if the west lane of Bishop Street were closed, a class B lot would be created which could be sold for possibly \$2,000. The land is already serviced and Mr. Lukay said prepayment of utilities would add another \$2,000 - to town coffers. In addition to this there would be an estimated \$800 yearly tax revenue coming in, and town snow removal of the street would be eliminated.

Mr. W. Thiele, a resident of the area, was in the audience and asked permission to address council. Mayor Gibbon said he did not feel this was the time for Mr. Thiele to speak, but council voted to allow Mr. Thiele five minutes to express his views.

Mr. Thiele, who has taken the matter to the department of highways, asked council to set up a committee at which the home owners of Bishop Street could air their views.

Councillor Lukay commented that all residents of the Braeside district should be allowed to attend such a committee as they, too, have an interest in the matter. Mr. Lukay noted that children of the Braeside area must make a double street crossing to reach the only playground in the district.

Council referred the matter back to the public works committee, for a decision in the not too distant future.

In other council business, council voted to set up a "name bank" which would be charged with the responsibility of finding suitable names for parks and streets in the town.

will be playing against Victoria Canadians and game time is 4 p.m. Soccer fans should make a point of seeing this game and giving the St. Albert team some vocal support.

There will be no training session on Nov. 8. As previously announced, training will be held on Nov. 1 in the gymnasium at Sir George Simpson Elementary School.

Mr. Thiele presented a written submission to the council regarding development and zoning procedures. He was advised to take the matter up with the department of municipal affairs and thanked for his interest.

Councillor Russell moved the town-owned lots on which S & S Homes hold an option, be sold to the firm for the balance of the sale price. (S & S have again applied for a renewal of their option).

The motion drew spirited response from council. Mr. Bakker felt that special consideration should be given to S & S Homes as they were the only firm willing to come in to the town several years ago "when times were tough." Mr. Bakker said Councillor Russell's motion was "scandalous."

"Shabby," said Mayor Gibbon, "confidence destruction," charged Councillor Bakker.

Speaking for the motion Councillor Wheatley disagreed with Messrs. Gibbon and Bakker. He said he did not feel it was a hardship to a real estate firm to pick up three lots at a 1964 price.

He said he did not feel Mr. Russell's motion was "scandalous", but thought it to be "businesslike".

After a heated exchange, the motion was carried with Bakker and Gibbon opposing.

Council will meet again Nov. 4 to complete items on the agenda not dealt with when council adjourned at 11:15 p.m.

ST. ALBERT BOXERS TRAINING HARD
... Paul Jelley, left, and Donald Wilson mix it up

Gazette Photo.

St. Albert boxers preparing

Three weeks ago St. Albert Boxing Club opened training for its 1968-69 season.

Within a week, five fighters were off to Breton to do battle in the ring.

It was a fast start, but not exactly a successful one.

"We shouldn't even mention it," club coach Brian Jelley said during a practice session in the basement gym of St. George Simpson Junior High School on Monday night. "Our boys lost all but one match."

The one victory was by Brian Hamper. It came in his first official bout.

The St. Albert group had one other bright note, however. Wayne Dorn fought so gallantly in a losing cause that he won the best sportsmanship award.

Roger Bruyere, Paul Jelley and Donald Wilson were the other fighters to absorb losses during the trip. But, like their coach, they're not looking backwards. They're looking to the future.

The future right now is Nov. 16. That is the night

the St. Albert Club is holding a 12-fight card in the Community Hall. With another two weeks of training under their belts, this time the boys feel they have a little more to offer.

Jelley said that most of the boys who went to Breton will be on the card as well as Neil Letourneau, Bob

Forand, Gary Larsen, Rene Vallee, Dale Hepner and Alan Eschak.

Fights have not been lined up for all of them yet.

Jelley has Keith Wilson and Frank Kelly as assistants and at the moment they have about 55 boys in camp, about 35 in the under 12 grouping.

Coming Events

OCT. 31 - Hallowe'en Costumed Dance - St. Albert and District Community League.

NOV. 1 and 2 - Master Sinclair, well known hypnotist will present a three-hour show at the George Simpson School auditorium 8 p.m.

St. Albert teens will handle the staffing when the Red Cross blood transfusion service holds a donor clinic here on Nov. 12.
All phoning, canvassing

and placing of posters for pre-clinic advertising is also being done by St. Albert young people in conjunction with the Canadian Red Cross Youth organization.

Young people from all sections of St. Albert will be involved, including the two high schools, the Red Cross Club, the Sanctum, the Rangers and Ventures.

The liaison has largely been the work of Olwyn Tinning, Red Cross Club president. The organizational work is being handled by a committee made up of representatives of the various groups, with meetings being held in the Lutheran Church. The clinic will be conducted

in the community hall from 3:30 to 5:30 p.m. and 7 to 9 p.m.

Some of the top curlers from the St. Albert men's league have been holding instructional clinics for members of the ladies and high school leagues recently. Here Kurt Schinkinger teaches Sherri Tomlinson the proper delivery while Karen McDonnell, Shirley MacKenzie, Donna Harvie, Heather Kroll and Joanne Bellward look on. The girls are students at Paul Kane High School. Gazette Photo.

Dr. Dolman withdraws

Dr. Norman Dolman has withdrawn from the Alberta New Democratic Party's leadership race.

The St. Albert optometrist said that since his platform of reform and progressive change of image had aroused little response from the members, he could only presume that his ideas were unpopular at this point in the party's evolution.

St. Albert man jailed

A St. Albert man was sentenced to a year in Fort Saskatchewan Jail on a charge of indecent assault on a male person when he appeared in RCMP court in Edmonton last week.

Louis St. Luc, 36, pleaded guilty before Magistrate H. J. Wilson.

Last call

Oct. 31 is the deadline for new singers wishing to join 'The St. Albert Singers'.

This non denominational community choir was organized a month ago under the leadership of Lillian Upright and already numbers 40 enthusiastic singers. The choir rehearses Thursday evenings at 8:30 p.m., in the United Church lower hall.

Sunday Opening

Emery's Pipe Shop
Open Every Sunday
1 p.m. to 7 p.m.

The Father Lacombe Chapter IODE presented a Sony tape recorder to the school for language and learning disabilities. Mrs. A. Unger, left, principal and founder of the school is shown accepting the machine from Mrs. J. G. Brindle, Regent of the Chapter. Looking on are Mrs. R. Lantinga, Mrs. H. Lastwika, Mrs. N. Scott and Mrs. C. Odinga, of the Father Lacombe Chapter.

Around Town

Phone your social or club news to Hennie Stibbe at 599-7448. Arrangements for photographs can also be made. There is no charge for this service.

It's the girls day out! Every Tuesday afternoon at the Grandin Bowl from 1:30 till about 3:30 the ladies Tuesday afternoon bowling league hits the lanes. Free babysitting, lots of fun! Want to join? Phone Donna Lynch at 599-8977.

Meet your friends and neighbours for tea and at the same time enjoy an hour or so looking over the large variety of attractive novelties offered for sale when the United Church Women hold their annual Fall Tea and Bazaar, Saturday afternoon, Nov. 2 at the St. Albert United Church. The Reverend L. Musto will open the event at 2 p.m., and we would advise the ladies of the community to be there early as penny wise Christmas shoppers are expected to snap up the many gift items fast. Delicious home-baking will be sold as well.

The loose change in your purse will buy good used childrens clothes, ladies and mens wear and numerous miscellaneous items at the Bargain Basement rummage sale sponsored by the Braeside Presbyterian Burning Bush Circle. Be at the St. Albert Community Hall when the doors open at 10 this Saturday morning, Nov. 2, and get in on the savings!

Mrs. J. G. Brindle, Regent Father Lacombe Chapter IODE had the pleasure of installing Mrs. Patricia Bandravalas as a new member at the Chapter's recent meeting. The group welcomed a guest, Mrs. Carol Van Kesteren. A report was heard on the Chapter's recent rummage sale which

was held at the Edmonton City Market and proved to be quite successful. Mrs. Cheryl Skistod was named standard bearer. She will be completing the remainder of the current term. The meeting closed with a much enjoyed demonstration of Hollywood Magic cosmetics by Mrs. Marion Sim and Mrs. Marilyn Neuman.

Numerous witches, ghosts bunnies, clowns and many others invaded the St. Albert Evangelical Lutheran Church last Saturday afternoon. It was the halloween party for members of the junior choir. In charge of arrangements were Mrs. R. Olson and Mrs. A. Loshack.

A special Reformation Review was held at the St. Albert Evangelical Lutheran Church with three congregations taking part. Among Sunday evening's speakers was the Rev. Robert Bauer, Pastor to the Deaf for Edmonton area, Calgary and Regina. Reverend Bauer's choir which consists of all deaf people who "sing" in sign language was present for the evening.

The Youville Auxiliary reports its Tea and Bazaar which was held at the Home Sunday afternoon was most successful. The auxiliary would like to thank the Bazaar convenors Mrs. R. Brunelle and Mrs. G. Hartmetz, and Mrs. N. Ross who convened the Tea. A special thank you to the Sisters for their assistance. Sharing honors at the tea table were Mrs. L. Wood, Mrs. J. Hryniew, Mrs. R. Thronson, Mrs. L. Deutscher, Mrs. F. Carnahan, Mrs. R. Binnette, Mrs. J. Garber and Mrs. J.

New Life

Continued from front page . . .

of a problem at times.

Jozef and Anna were wide-eyed as they were shown around the Onishenko home, Mrs. Onishenko said. The fridge and stove which most Canadians now take for granted drew their admiration and the couple was fascinated by Mrs. Onishenko's dishwasher. "They just stood over it and watched it operate," recalls Mrs. Onishenko.

Jozef expressed his amazement at the large variety of foods offered at the local Safeway. "There is so much in this rich country," he exclaimed.

On the train Jozef and Anna were introduced to that good old Canadian tradition, Turkey and Cranberry sauce. The turkey was fine, but the cranberries will take some getting used to, laughs Jozef. He and Anna are full of praise for Mrs. Onishenko's cooking, they especially enjoy her Chinese food.

They also loved watching the Olympic games on television. There is T.V. in Czechoslovakia, but the programs are poor compared to what is offered here.

Jozef and Anna are presently enrolled in a special English course at NAIT.

They attend classes from 8 till 5. In a recent exam Anna was tops in her class, scoring 90%. Jozef received a mark of 80%.

When they are a bit more fluent in the English language, Jozef and Anna will take jobs, Jozef hopes to be able to work in the chemical industry. If it is at all possible they would like to finish their university training and become teachers.

Jozef says he likes Canada very much. "It is such a big country, it needs young people who are willing to work," he says. He did look a bit worried when we told him about our Alberta winters, but both he and Anna are avid skiers and were very interested in local ski conditions.

Blonde, slim Anna gets a bit misty eyed when she speaks of how Jozef and she have not yet received any letters from home although they have written several. They have no way of knowing if the mail is getting through to their folks in Bratislava. "Maybe we can bring our people over to this country, later on," she says smiling again.

When we talked with Jozef and Anna Saturday morning, with the help of interpreter Chris Soder, they were wearing matching his and hers outfits of khaki jeans and striped sport shirts, looking no different from any young Canadian couple. "But," points out Anna, "most well dressed Czechs have relatives in other countries who send them clothes." There is not much variety in the Czech stores, she said, styles are very limited, and everything is so expensive.

"It was a bit hectic," admits Mrs. Onishenko, when asked how one manages to arrange a wedding in just one week's time. She laughingly recalls the day she took Anna and Jozef for their blood tests. Anna, being only 19, required her parents permission to marry and she had in her possession a letter to this effect, written in Czech. So the Reverend Onishenko had to be found and asked to come down to the Bureau of Vital Statistics and translate the letter. "When we finally got through I found a \$5 parking ticket on my car," said Mrs. Onishenko. Jozef and Anna can't get

over how kind people have been. Mrs. Buehring, of Hilde's Flowers sent them their lovely wedding flowers. John Fagerberg of Viking Photo Studios has donated his services, taking wedding pictures at no charge. A beautiful wedding cake was delivered compliments of the Vienna Bake Shop in the Centennial Mall. Others have come forward and offered furniture for the tiny apartment Jozef and Anna moved in to Monday. And Vale (Mrs. Bob Hunter) daughter of the Reverend and Mrs. Ray Olson lent Anna her own lovely wedding gown, complete with train and veil.

Saturday evening Jozef and Anna were married in a simple ceremony at the St. Albert Evangelical Lutheran Church, the Reverend Harry Onishenko officiating. The bride was given in marriage by Mr. M. Corba. Matron of Honor was Mrs. C. Ivan. Mr. M. Ivan attended the

groom. Soloist was Mrs. A. Loshack. Mrs. R. Olson played the organ. A small

reception was held in the honor of Mr. and Mrs. Jozef Beres at the Onishenko res-

idence.

For Jozef and Anna a new beginning in a new country.

WEDNESDAY, OCTOBER 30, 1969

THEY WON \$200 SCHOLARSHIPS

Duane Schlereth, Marjorie Cresswell, Darryl Coates and Kerry Cassidy
Gazette Photo.

First awards night for Sturgeon Schools

The Sturgeon School Division held its first annual awards night at Namao School Friday evening.

More than 350 persons were present as 50 students received awards for academic achievements in district schools and others with which the board has tuition agreements.

F. J. Robinson, assistant superintendent of schools for the division, was master of ceremonies. Introductory messages were brought by George Wilson, chairman of the board of trustees, Keith Everitt, MLA, and A. E. Kunst, superintendent of schools for the division.

The evening was dotted with entertainment, with every school in the division providing some.

Four students received \$200 scholarships offered by the school division for top standing in Grade 12 departmentals. Duane Schlereth of the Horse Hill area, who scored 85 per cent at St. Joseph's in Edmonton; Marjorie Cresswell of Namao, who had 83.4 per cent at Victoria Composite; Darryl Coates of the Horse Hill area, who had 82.6 at Victoria Composite; and Kerry Cassidy, whose home school is Mission Park, who had an average of 82.6 per cent at St. Albert High.

TO QUALIFY

To qualify for the scholarships, students had to have an average of 75 per cent or better in five subjects in departmental exams, with no one subject falling below 60 per cent.

Four others, Raymond Kilarski of the Bon Accord district, Margaret Zima of

the Namao district, Linda Whitson of the Alcomdale district and Wayne Kondruk of Bon Accord also qualified but scholarships only went to the top four.

Scholarships of \$25, for honors standing in Grade 9 departmentals, went to Beverley Bychuk and Janet Briggs of Horse Hill school; Jimmie Dowhaniuk and Gerald Grant of Namao; Ter-

ence Bokenfohr of Mission Park School; and Sharon Saunders, whose home school is Cunningham but who attended Thibault.

Beverley Bychuk won the Mary-Anne Tanasiuk Memorial Scholarship and the \$60 that accompanied it for recording the top marks in Grade 9 departmentals in the division.

The second half of the

scholarship, for top marks in Grade 9 departmentals by a student at Namao School, was won by Jimmie Dowhaniuk.

The scholarships were donated and presented by Mr. and Mrs. William Tanasiuk in memory of their teen-aged daughter who died two years ago. Mr. Tanasiuk is principal at Namao School and Mrs. Tanasiuk is on the

staff of Horse Hill. Both have been with the division for about 20 years.

Leslie Ruttan and Gregory Sustrik of Gibbons School won the Gibbons Lions Club awards for the highest marks at the school there.

Alberta Teachers Association scholarships of \$25,

Cont'd on Page 10

\$25 Scholarships were awarded to Grade nine students achieving honours standings in their departmental examinations. The six winners are Gerald Grant, Terrence Bokenfohr, Janet Briggs, Sharon Saunders, Beverley Bychuk and Jimmie Dowhaniuk. Gazette Photo.

Large crowd attends Graduation Exercises at Vanier High

A Mass, celebrated at 5:30 opened the graduation exercises for 34 students of the Georges P. Vanier from the 1966-67 and 1967-68 classes.

Two hundred and fourteen people were present at the banquet which followed, the largest ever held in Morinville. Amongst those seated at the head table were: Rev. Fr. Primeau, Mr. Kunst (superintendent of schools),

Mr. Stapleton (mayor), Mr. Fitzpatrick (senior principal), Fr. Beaupre (former assistant parish priest), and the beloved Sister Trotter. The master of ceremonies, Mr. Tellier, introduced Mr. Schayes who proposed a toast to the graduates. It was accepted by Rene Chevaller (a graduate) and several additional toasts followed.

The evening exercises in the auditorium opened with the entry of the graduates to the sound of the Processional, played as a piano duet by Mrs. Sharon Kleser and Mr. Georges Lavallee. The mistress of ceremonies, Miss Gisele Nobert and the master of ceremonies, Mr. Paul Houle, welcomed the enormous crowd. The high school choir

sang "Born Free" and "You'll Never Walk Alone" under the capable direction of Mr. Georges Lavallee and to the accompaniment of Mrs. Sharon Kleser on the piano.

Mr. M. Schayes, principal, introduced each of the graduates with a brief address. The graduates looked very impressive indeed in their scholarly caps and gowns. Former principal,

Cont'd on Page 15

Morinville Council meets

Town Council of Morinville at their Oct. 8 meeting decided to invite the executives of the recreation board and the sports association to their Oct. 22 meeting to discuss the future operation of the arena.

The mayor and secretary were authorized to execute an agreement with Central Mortgage and Housing Corporation for the sewage treatment project. The mayor and secretary were further authorized to signify council's approval of Plains Western Gas and Electric proposal for a gas line crossing town property at Laurier Avenue, providing that town property is left in a good condition.

Building permits were approved for Lionel Rondeau for a private garage, double stall and for Plains Western for an office and double garage.

The public works committee advised council that due to the lateness of the season the installation of a culvert on CNR right-of-way at Tache Avenue has been postponed.

Council moved to write Mr. N. G. Thom, secretary of the Morinville Board of Trade, to thank the board for the Alberta flag which had been made available to them by the Hon. A. O. Finrite. The flag will be flown from the public library.

Mr. George Morris was present to discuss sidewalk construction with council, and a meeting was arranged between the public works committee and Mr. Morris for Oct. 9.

Namao Club elects officers

The Sturgeon Valley 4-H Dairy Club elected officers for the coming year at their first meeting of the new season on Oct. 24. Arthur Tolsma was elected president, with George Tolsma vice president, Henry Vander Vliert, secretary, Jim Crozier, treasurer and Joan Ebbers as club reporter.

Two new members were welcomed at the meeting,

held in Namao United Church, Michael Quwek and Douglas Tolsma joined previous members Brian Clark, Arthur Tolsma, Douglas Crozier, Jim Crozier, Francis Huber, George Tolsma, Henry Vander Vliert, Jacob Folkema, Lorne Okerman and Joan Ebbers for a total membership of 12.

Melvin Clark was chosen club leader by acclamation. Assistant leaders are Harry Pedersen, Wayne Unterschultz, Reg Crozier, John Boccock, Bert Ebbers and E. Quwek.

Two members nominated to attend the Morinville County meetings regarding 4-H activities were Melvin and Brian Clark.

The program committee volunteers are Francis Huber and Brian Clark.

The entertainment committee volunteers are Douglas Crozier and Michael Quwek.

Club members were reminded that 4H calves should be selected from those born after July 1st of this year. Melvin Clark, club leader, distributed membership books etc., and discussed feeding records.

Awards Night

From Page 9

which go to the top students in each school within the various locals of the ATA, went to Linda Mulligan of Bon Accord School; Dawne Brennels of Camilla School; Leslie Ruttan of Gibbons School; Beverley Bychuk of Horse Hill School; Monika Jensen of Legal School; Terrence Bokenfohr of Mission Park School.

Awards were also presented to students who had aver-

ages above 75 in 30 credits, including English and social studies but excluding physical education.

Elaine Tomten of Alcomdale received a medal and special pin and Trudy Tomash of Mission Park School received a pin. Both attended Grade 10 at Paul Kane High School.

Kerry Cassidy, Grade 12, and Johanna Toisma, Grade

11 of Mission Park School and Judy McRae, Grade 10, of Camilla received medals and special pins for marks obtained at St. Albert High School. Receiving pins were Lorne Klak, Lionel Durocher and Barbara Bambush, Grade 11; and Elaine Soetart, Linda Rubuliak, Simone Borle, Martin Soetart and Joan Soetart of Mission Park School; and Rose Mary Nolte of Cunningham, Grade 9.

Winners of special medals and pins for marks at Victoria Composite High School were Marjorie Cresswell, Grade 12, Gerald Boutin, Grade 11, and Coletta Forrest, Grade 10, of Namao. Winners of pins were Margaret Zima, Grade 12, of Namao and Else Lobner, and Donna Gowin, Grade 11, and Sandra Mayers and Theodore Serben, Grade 10 all of Horse Hill.

Winners of medals and special pins at St. Joseph's were Duane Schlereth,

Grade 12, and Gerald Paradis, Grade 10 of Horse Hill. Winning pins were Michele Lamoureux, Barbara Paradis and Margaret Elliott, Grade 10, also of Horse Hill.

At Thibault High School, Judy Meyer, Grade 11, and Lorette Vanbrabant, Grade 10, from Cunningham School received medals and special pins. Janice Brennels, Grade 11, and Lorraine Vanbrabant, Grade 10, received pins.

Dawne Brennels and Anne Marie Link received pins for Grade 9 work at Camilla.

At Bon Accord School, Gordon Braun won the medal and special pin for his work in Grade 11. Phyllis Godfrey won the medal and special pin for her Grade 10 standing and Linda Mulligan won a pin for Grade 9 work. All are from the Bon Accord district.

Walter Atkins and Karen Cameron won pins for Grade 9 standings at Namao School.

Lung cancer

CHEST SURGEON CONDEMNS CIGARETTES

by Dr. J. M. Howell,
Sturgeon Health Unit.

The gloom and apathy which has colored reaction to lung cancer in the past has persisted far too long. Encouragement and enthusiasm should be the new "watch-words."

Not for the first time in this column I am drawing your attention to the words and wisdom of Dr. Norman C. Delarue of Toronto, a highly respected chest surgeon. Writing about lung cancer, the commonest killing cancer in the male, he draws attention to the three stages at which it may be diagnosed. In the first, the tumor is quite localized; in the second it is spread a short distance and in the third it is widely disseminated. Both the first and se-

cond types are potentially curable. Successful treatment therefore depends on early diagnosis, which in turn entails recognition of the disease at the earliest possible moment and making prompt arrangements for appropriate treatment. Hesitation and delay on the part of either the patient or the physician interfere with these objectives. Here is the main rule:

Any cigarette smoker over 40 who has a persistent cough or who coughs up blood or who has a chest infection should consult his doctor.

Cure rates for the first two types mentioned above have been shown to be much higher than was once thought possible, with about 44% surviving five years. Given

Cont'd on Page 15

Parents vote to enlarge school board

Parents in the school districts of Riopel, Frontenac and L'Abbe have voted for enlarged representation on their local school board.

The board will be enlarged from three to nine trustees and elections are expected to be held shortly to select the new trustees.

Parents voted in favor of enlarging the board at a meeting conducted by the Sturgeon School Division, of which the three districts are a part, in Cunningham school in Morinville last week.

The vote went 18 - 6 in favor of the increase in Frontenac, 20 - 2 in L'Abbe and 11 - 6 in Riopel.

Each of the areas now has one trustee, who sits on

a local board representing the Cunningham attendance area. It is the board, which was born when the three districts were consolidated in 1950, that will be enlarged.

Legal 4-H clothing club meets

The Legal 4-H Clothing Club had its second meeting Oct. 17 at the recreation centre with all members present. A new member, Dolores Forcade, was welcomed.

President Rachel St. Martin gave a report on Club Week at Vermilion. Impromptu addresses were given by Diane Gerla, Marjolaine Chamberland, Debra St. Jean, Rita Larose and Cecile Van de Walle.

Mrs. Demers, club leader talked to the girls about projects for 1968-69. Mrs. Demers will be in charge of the third and fourth year members; Mrs. Tieulle the second year members; and Mrs. Van de Walle and Mrs. Prefontaine the first year members.

Mrs. Van de Walle gave a demonstration on how to sit, stand and walk properly.

The club will meet again on Nov. 9 for a sewing session.

Vimy

A Halloween party was held at the gymnasium on Oct. 25. First prizes for best costumes were awarded to Shirley Deschamplain, Paulette Laplante and George Dusseault.

Roland Dusseault and David Kollol were the recipients of a \$-3 scholarship upon their receiving honors standing in the grade IX examinations.

\$1000
grows to
\$2500
with
Canada Savings Bonds

\$250 for each \$100. That's what you can get with this year's Canada Savings Bonds. Here's how.

The new Bonds have fourteen regular annual interest coupons which can be cashed each year as they come due. The first pays 5.75%; the second, 6.50%; the next three, 6.75% each, and the last nine a big 7.00% each. Total regular annual interest amounts to \$95.50 on each \$100 Bond.

If you choose you may hold all these regular annual interest coupons *uncashed* until your Bond matures. If you do, you will then get *interest on your interest* totalling an additional \$54.50 on each \$100 Bond.

At maturity, therefore, you can get back total

interest of \$150 *plus* your original \$100 investment. This way each \$100 Canada Savings Bond becomes worth \$250. Other denominations can grow at the same exciting rate.

Adults, children, businesses and institutions—all may buy Canada Savings Bonds. They are available in convenient amounts of \$50 up to \$50,000 for cash or on instalments, wherever you work, bank or invest. And, as always, Canada Savings Bonds are cashable any time at full face value plus earned interest.

Few investments are so profitable. None builds more surely for the future. Buy Canada Savings Bonds and make your savings really grow.

Buy yours today!

Sturgeon Council

Reeve Walker called the meeting of the M.D. Sturgeon council to order at 9:15 a.m., Oct. 10.

The secretary treasurer informed the council that he had not received any objection from property owner in Block 2, Plan 2316 NY Sturgeon Crest. (12.16 acres), in relation to leasing this park reserve to Mr. Ed Chatters pursuant to the council's resolution of the meeting held Sept. 12, 1968. The notice of council's in-

tention to lease said parcel had appeared in the Gazette, issue of Sept. 18, 1968.

The secretary treasurer informed council that he had finalized a five year lease agreement with Mr and Mrs Paul Cote' for the use of the Cardiff nuisance ground (approximately 5 acres) property as a municipal nuisance ground for during the term of five years from the 1st day of November, 1968.

Council authorized the secretary treasurer to execute an agreement with May Theatres Limited for Metropolitan Theatres to acquire land for road purposes namely a width of 66 foot from south boundary of L.S.D. 4 & 5 in Pt. SW 25-53-25-4 property commencing at 137 street going westerly 660' then from the west boundary going northerly on west boundary of said property to the north boundary at 46 feet. In exchange for said land the Municipal District of Sturgeon No. 90 is to construct and gravel the road aforementioned at no cost to owner of land.

ROAD RESOLUTION

Council approved the following resolution to be presented at the Edmonton Union of M.D.'s pre-convention meeting to be held Oct. 28 and then submitted at the Rural M.D.'s and Counties Convention to be held in Calgary, Nov. 19 to 22, 1968

WHEREAS it is deemed advisable that Municipality Districts and Counties be given the right to require a pipe line parallel to a road be located at a distance suitable so as not to interfere with future road widening and construction.

WHEREAS, under such recommendations the existing 66 foot municipal road allowance requires to be widened for a total road allowance of 132 feet;

WHEREAS, the Act states the land in which an interest is required for a pipe line parallel to a road shall not be located nearer than 25 feet to the boundary of the road without the approval of the local authority concerned;

THEREFORE BE IT RESOLVED, that Section 25 of the Pipe Line Act be amended to: "the land in which an interest is required for a pipe line parallel to a road shall not be located

nearer than 100 feet to the boundary of the road without the approval of the local authority concerned or, where approval cannot reasonably be obtained therefrom, without the approval of the minister.

FIRE INSURANCE

Letter from Mr. A. E. Bridges, fire commissioner of Alberta, informed council that his department could not arrange for this municipality a blanket reduction of fire insurance premiums on privately owned properties within this M.D. He stated that he was aware of the possibility of getting a reduction of insurance rating in a municipality where fire protection services are available similar to the M.D. of Sturgeon, but such is done by the individuals through their insurance company. It was moved that a notice be published in the Gazette informing the property owners in this municipality of the possibility of obtaining a reduction of insurance premiums for reason that this entire municipality is now adequately protected with fire protection services.

FINANCIAL STATEMENT

The following is a brief resume of the monthly financial statement approved by council: net balance Sept 30 - \$404,530.08; receipts for the month - \$159,168.07; interest on tax sale trust account - \$30.06; sub total \$563,728.21; less disbursement for the month - \$228,178.34; net balance at end of month - \$335,549.87.

CONTROL STATEMENT

The secretary treasurer provided each councillor with a copy of the expenditure and revenue control statement which council approved. Summary of revenues: licenses and permits 5,897.56; rents \$5,682.26; fines 1,073.00; interest and penalties 17,946.30; service charges 527.65; contribution and grants 302,621.07; repayments 28,983.84; miscellaneous and homeowners grant 61,943.29; taxes (arrears) 227,525.68; taxes - (current) 945,203.67. ----- Grand Total of Revenue - \$1,597,404.49.

Summary of expenditures general government - 59,521.50; protection to persons and property 138,523.94; public works 391,892.42 requisitions 712,109.29; welfare 7,809.16; capital expenses 65,112.25; miscellaneous and discount on taxes 50,270.96; home owners refund 39,903.10 --- Grand of expenditures \$1,240,745.90.

P.W. REPORT

The secretary treasurer read Mr. Stack's monthly report to council. The following is a brief resume of the report: expenditures to date of road maintenance with motor graders 46,522.50, general construction \$112,702.73; natural resources road 21,145.07 survey 4,517.44 on the contingency road; gravelling and others 209,111.55 for a total

Legal girl nursing graduate

LEGAL - Miss Sylvia St. Martin, daughter of Mr. and Mrs. Ben St. Martin of Legal, has graduated as a registered nurse from the Misericordia Hospital's School of Nursing.

Convocation and her official entrance into the world

of \$393,999.29. The municipality has gravelled a total of 227 1/2 miles of road plus patch work for a total expenditure of 178,943.81. The public works crew has constructed and completed 19 1/2 miles of road at a cost of \$82,344.53. There are 14 miles under construction but not completed at a cost to date of \$29,358.20. A comparison of public works expenditures between the years 1965 to 1968 was included in the report.

NEW GRADER

Council will call for tenders on the purchase of one new motor grader. Tenders are to be submitted on a cash basis without a trade in or on cash basis with a trade in of one motor grader (No. 2). Said expenditures are to be charged to the 1969 budget.

A motion was made that the above motion be amended so as for council to call for tenders on two new motor graders having similar conditions as the original motion with second trade in to be No. 3 motor grader. The Reeve requested council to vote on the amendment and he declared it to be lost. The original motion as moved was voted on and the motion carried.

ROADS PETITION

Messrs. Sutton and Gray attended the meeting and submitted a petition, signed by 15 residents of the Waldemere Subdivision; requesting the following:

a) that Roseberry Street be improved by grading and gravelling

b) that a speed limit of 30 m.p.h. be established on roads in the Waldemere Sub.

c) that a no exit sign be erected at the west end of Roseberry Street because of it being a dead end.

The public works committee had inspected the area mentioned on Oct. 8 and found the road recently graded but there was a need of gravel.

Council assured the delegation that their requests would be considered. Mr. D. England interviewed council in regard to the inspection tour at Lethbridge of a roadside rotary cutter attachment demonstration Council authorized Messrs. D. England and R. Stack and any councillor available to attend the demonstration.

Letter from Mr. Yeo, secretary treasurer of the village, was read to council requesting permission for the village to rent the municipal shop at Gibbons to store their motor grader during the winter months. Council granted permission to the village, rent free.

of a graduate nurse took place Oct. 20 at the Northern Jubilee Auditorium where 53 graduates were conferred diplomas, 41 in nursing, eight in medical technology and four in radiological technology.

Sylvia is now employed at the Misericordia Hospital but anticipates travelling. She is also considering further studies in the health field.

MISS SYLVIA ST. MARTIN

Nomination Notice

STURGEON MUNICIPAL DISTRICT #90

PUBLIC NOTICE is hereby given that I will attend at Municipal Office, Morinville, Alta. on Saturday, the second day of Nov., 1968, from TEN o'clock in the forenoon until TWELVE o'clock noon, for the purpose of receiving Nominations of Candidates

For the Office of COUNCILLOR for: Division #Two

(2) Division #Six (6) Division #Seven (7)

Given under my hand at Morinville this 8th day of October, 1968.

Clive R. Potter
Returning Officer.

Sturgeon School Division NO. 24

OFFER FOR SALE BY TENDER

SCHOOL PROPERTY

The Sturgeon School Division No. 24 offers for sale 3 acres of land, more or less, and dwelling (approximately 620 sq. ft.) located thereon, as ls. (Part N.E. 32-54-24-w4 - across the road, south, from the Namao School in the hamlet of Namao.)

Tenders must reach the office of the secretary treasurer on or before 4:30 p.m., Friday, November 8, 1968 and must be accompanied by a certified cheque deposit of 10% of the tender, made payable to the Sturgeon School Division No. 24.

Successful bidder must pay balance of amount tendered on or before Friday, November 29, 1968.

The highest or any tender not necessarily accepted.

Charles E. Krauskopf
Secretary-Treasurer
Sturgeon School Division No. 24
Morinville, Alberta.

*... the assistant to
Alberta's practicing
veterinarians?*

The ultra-thin slices which Laboratory Technician Mrs. Vikki Wong is cutting from a block of wax contain micro-sections of a tumour which an Alberta veterinarian has removed from a dog or cat. A complicated process of treatment and study will reveal to the experts at the Veterinary Diagnostic Laboratory in both bridging the possibilities of diagnosis or recurrence. This information will be forwarded to the practitioner responsible for the family pet. Operated under the Veterinary Services Division of the Alberta Department of Agriculture, the laboratory maintains a "back-up" service for Alberta veterinarians, providing complete facilities and opportunity for diagnosis and treatment by provincial experts. Suspicion of cancer, poison and anaemia in household pets is daily confirmed or denied by the laboratory which also provides a complete diagnostic service for veterinarians treating farm livestock.

*... an ounce of
prevention engineer?*

He stops accidents before they even have a chance of getting started. As an inspector with the Boilers and Pressure Vessels Branch of the Alberta Department of Labour, Dave Thompson is one link in a chain of control to ensure that all boilers and pressure vessels built in the province conform to rigid safety codes. He and his fellow inspectors keep a careful eye on all phases of fabrication, from the original plans to the final operation. Plans are scrutinized for adherence to the applicable code, materials and methods of construction must meet approved specifications and personnel must be properly qualified in their trades. Installed and completed units, along with their attendant piping, fittings and accessories are subjected to periodic checks by the 30 inspectors located throughout the province. From design to operation, safety standards are established and maintained by the Boilers and Pressure Vessels Branch.

**have
you ever
met...**

*... a man
who lays in
a supply
of firewood
for summer?*

.... a pine cone baker?

Dave Platt & Wetherburn takes thousands of pine and spruce cones and bakes them to make them into opening and closing the tree's seeds trapped inside. Shipped to the Alberta Department of Agriculture Forestry Branch, they are used in the province's forest nursery program. A special kind of pine cone is needed for certain types of seedlings in the nursery. The cones are baked in a special oven which removes the resin from the seeds which are then planted in the nursery. The seeds are then planted in the nursery. The seeds are then planted in the nursery. The seeds are then planted in the nursery.

*... a deep-sea
captain who
never sees the ocean?*

Although the 46-foot steel-hulled MV Athabasca sails the northern lakes and rivers of Alberta it is licensed for service on deep-sea, coastal and inland waters. Consequently, its commanding officer, Captain John R. Waniandy must hold master's papers for all three categories.

The Athabasca is one of two larger sized vessels owned by the Department of Lands and Forests and used in northern waters to transport personnel, equipment and supplies to areas where roads and don't exist. These boats have proved invaluable as means of sustaining the numerous forestry stations, lookout posts and construction camps. But they not only service the far flung forestry establishments. They have on more than one occasion, been called on to help in emergencies caused by natural disasters.

Both boats were constructed in their Edmonton shops by Lands and Forests personnel. The same people who build the 100-ton class ships seen piloted at a look at towers throughout Alberta's forests.

*... a teacher
who never
goes to school?*

William Sutherland, a fully qualified teacher who has been teaching in the province's most remote communities, is the province's most remote teacher. She is the travelling teacher with the Correspondence School Branch of the Alberta Department of Education and her pupils are the many adults and children who live in the remote communities. Miss Sutherland visits more than 100 communities where the children are physically handicapped or geographically isolated from the nearest school. She instructs them with their lessons in correspondence. That is the value of the travelling teacher. Miss Sutherland's assistant is a part of the service of the Correspondence School Branch which allows any Albertan to obtain by mail the credit required for any level of education from grade one to High School Diploma. In the same way, as students at a regular school.

Summer is the time when firewood is needed most ... in the 240 campsites located along Alberta's highways. Oscar Sommerfeld is one of the men employed by the Maintenance Branch, Alberta Department of Highways, to see that each site has its full quota of cut wood. In addition, Oscar and other members of the maintenance crews are responsible for the upkeep of the facilities provided in each highway campsite. Scattered along roads throughout the province, from main highways to forestry roads, most sites are equipped with not only cut firewood but also fireplaces, picnic tables, tenting and trailer space, water shelters and sanitary facilities. All this is provided free to the traveller who enjoys the convenience of a comfortable site in which to spend the night, thanks to the men of the Maintenance Branch.

Cattleman's short course set at Banff

The fifth annual "Cattleman's Short Course" being sponsored by the department of extension, University of Alberta, in cooperation with the Western Stock Growers Association, will be held at the Banff Centre for Continuing Education, The Banff School of Fine Arts, from Nov. 25 to 29.

The purpose of this short course is to provide authentic and up-to-date information on new developments in the beef industry.

This course is open to cattle producers, professional agrolgists and others interested in the beef industry. Principles are emphasized rather than specific practices, however, considerable time will be allotted to discussion and to panels where participants will have an opportunity to present views relating to the solution of practical problems.

The course will deal with the various aspects of marketing, carcass quality and

grading, health and nutrition management and finance.

The advisory committee is comprised of representatives from the Western Stock Growers' Association and professional advisors from the Canada department of agriculture, University of Alberta and from various branches of the Alberta department of agriculture. Lecturers and discussion leaders have been selected from Ohio, Illinois, Ontario and the Prairie provinces. It is also anticipated that a number of experienced cattlemen will participate in a series of panels being planned.

The fee for the course

is \$60 payable in advance to the University of Alberta. Applications should be made through the department of extension, the University of Alberta and should reach the university before Nov. 16.

Rooms and meals are supplied at the Banff School of Fine Arts at reasonable rates.

Accommodation is available for wives who may wish to spend all or part of the week at the Centre. Outings to the Hot Springs, curling rink and other points of interest will be arranged as desired.

For further information you may call this office at 256-3351.

Municipalities wage war on weed seeds

Did you know that it is illegal in Alberta to take farm machinery on to a highway without first removing all noxious weed seeds, or to scatter weed infested grain along roadsides from an open truck-box?

By passing special by-laws regulating the transportation of grain, a number of municipalities are trying to prevent the scattering of weed seeds, screenings and grain containing weed seeds along roadsides, says Mr. W. Lobay, head

of weed control and municipal programs with the provincial government.

This program is one of many being conducted by municipal agricultural service boards to cut down on enormous crop losses that occur from weeds every year.

Farmers, truckers and others are becoming increasingly aware of what intensified weed control really means, however, there are still some who disregard the efforts of those who carry out municipal programs, and who mean business!

Weed seeds are often spread by forces beyond man's control but a great deal can be done to prevent new infestations. For example weeds should never

be allowed to go to seed, to be scattered by the wind.

Clean areas have often been seriously infested by sheer carelessness through the movement of infested machinery and the scattering of grain and screenings along roadsides. Moreover the grain that blows off an open truck-box sometimes represents a substantial financial loss to the farmer.

The Alberta Department of Agriculture and agricultural service boards are again asking the cooperation of all farmers and others connected with grain handling in preventing the indiscriminate scattering of weed seeds. The cooperation of all those involved will go a long way towards attaining this goal.

Shipping fever in cattle rises every autumn

The increased movement of cattle each fall brings a corresponding increase in the incidence of shipping fever.

Dr. W. P. Brisbane, of the Veterinary Services Division believes that a better understanding of the disease might help to reduce the loss caused by shipping fever.

This disease is believed to be caused by a combination of three factors: viruses, pasteurized organisms and stress. Shipping fever almost invariably results when animals are subjected to all three factors; none of these by themselves will cause the disease.

Most susceptible to the disease are calves being shipped in the fall. Having undergone the upsets associated with recent weaning, and probably suffering from fatigue as well, other factors such as rough handling, irregular feeding and watering or chilling increase the risk of their coming down with the disease.

Shipping fever is a respiratory condition with symptoms of high fever, cough and distressed breathing. The disease usually occurs shortly after new additions are brought into the herd or feedlot, spreading throughout the herd in a short time,

Winter feeding workshop planned

For those of you who aren't just sure of the food value contained in your winter's supply of feed this year, the Edmonton Grassland Improvement Association will hold a "Winter Feeding Workshop" at the Youth Building, Edmonton Exhibition Grounds at 10 a.m., Nov. 26.

The workshop will open with registration at 10 a.m. followed by a report on the current feed situation presented by the chairman.

Orlan Bratvold, Head of the crop improvement branch with the Alberta department of agriculture, will speak on "Production Problems in the 1968 Crop Year and their Effect on a Winter Feeding Program."

"Assessing the Quality of Your Feeds" will be P. Jerome Martin's topic -- a discussion on the quality of feeds in relation to the need for supplementation.

The noon break will be followed by a "Group Workshop" where a nutritionist will be assigned to each group, to deal with individual feeding problems.

Group discussion summaries intended to assess the major areas of concern will be dealt with by Mr. Martin who will attempt to make specific recommendations on problems arising out of the group discussions.

Plan to attend and bring a friend.

A Service to Farmers

Municipal Office Ph. 424-6276
Dept. of Agriculture . . . Ph. 256-3351

THE AGRICULTURAL SERVICE BOARD
Municipal Building, Morinville, Alberta.

CHAIRMAN	W. FLYNN
FIELDMAN	D. ENGLAND
ASSISTANT FIELDMAN	J. J. SHENFIELD
DIST. AGRICULTURIST	JUDD BUNNAGE
DIST. HOME ECONOMIST	SHIRLEY REBUS
SECRETARY-TREASURER	A. NOBERT.

The fortrel revolution is one you can support

by Shirley Rebus, District Home Economist.

Fortrel has been receiving a great deal of favorable publicity lately, and you may be wondering if you should buy it, and how to treat it if you do.

Fortrel is truly a wonderful fiber -- it is machine washable and requires no ironing. What a saving on dry-cleaning bills! Fortrel has a pleasing appearance, and good durability, making it suitable for dresses, suits, slacks, etc.

When fortrel fabrics first came out, there was only a diagonal weave in plain colors. Now, however, a great variety of weaves and some patterns are being sold.

SEWING WITH FORTREL

Fortrel is easy to sew. In the beginning, at least, choose a simple pattern. Be sure the pattern fits before you make up the garment, because once you have pressed it, former lines may be difficult to remove.

Use a polyester thread (Drima is one brand name) and a sharp needle on your sewing machine.

No seam finish or lining is necessary because the fabrics are knit rather than woven.

Seam binding shouldn't be used on the hem. (Seam binding is rayon and will wear out before the dress does). Ease any fullness and use a tailor's hem.

FORTREL BLENDS

Fortrel is often blended with cotton to impart permanent properties to an article. In addition, this blend wears longer than a similar article of 100% cotton. DO NOT confuse "fortrel and cotton perma-press" with "100% cotton, resin-treated perma-press." Both of these are made to cut down ironing. In my own experience, fortrel and cotton blends have been more satisfactory, both in perma-press characteristics and durability.

To be effectively perma-pressed, an article must contain at least 50% fortrel (many contain 65% fortrel). FORTREL, POLYESTER, etc.

It is easy to get confused, but just remember this: Polyester is a general term, Terylene, Tergal, Fortrel, Dacron, Teteron, and Kodel are all polyester fibres.

Hog growers reminded of deadline

Hog producers who have registered for the purpose of voting on the proposed plan for a Hog Marketing Board are reminded that their ballot must be received by Returning Officer, C. H. Ferries, 505 Agriculture Building, Edmonton, no later than 4:30 p.m. on Nov. 18, in order to be counted.

It is of great importance

that directions, as outlined in a letter from Mr. Ferries to the producers, be followed; otherwise the ballot may be lost.

Allow plenty of time for your ballot to reach its destination if you are sending it by mail to ensure its receipt at the office prior to the Nov. 18 deadline.

Beef club holds awards night

The Morinville 4-H Beef Club held its annual wind-up and award night at the Morinville Recreation Grounds recently.

The delicious menu for the event was steaks, baked potatoes, salads and pastry. Each and every guest enjoyed the steaks cooked by the members parents.

Linda Schneider, club president was madam of ceremonies for the award program which followed. After the reciting of the 4-H Pledge Miss Schneider introduced the special guests: Mr. Keith Everitt, M.L.A., and Mrs. Everitt; Mr. and Mrs. Vince Curtis of Curtis Feed, Morinville; Mr. and Mrs. Thom representing the Morinville Royal Bank; Mr. and Mrs. Red Krauskopf of National Grain Morinville.

Other special guests who were unable to attend were: Mr. and Mrs. Norman Chalifoux, Morinville Drugs; Mr.

and Mrs. Marcel Labonte, Labonte's Meat & Grocery; Mr. and Mrs. Pete Gibeau, Esso Agent; Mr. and Mrs. Frank Sale, Sale's Auto Repair; Mr. and Mrs. A. J. Craig, Craig's Welding and Mr. and Mrs. Tom Houle, MacLeod's Store.

Keith Everitt MLA for St. Albert constituency was introduced and spoke to the young people.

Mr. Art Soetaert the club leader, also spoke briefly.

The club's executive, the adult committee and pee-wee's were introduced by secretary Tony Rustemeier. Club President, Miss Linda Schneider; Vice President, Art Soetaert, Jr., Treasurer Dennis Schneider; Club Reporter, Ferdy Rustemeier; Members: Miss Shirley Weiss, Robert Rivet, Bernard Sabourin, Denis St. Laurent, Clifford Brennels, Rene Leduc, Bob Riopel and Paul Riopel.

Pee-Wees: Rita Riopel, Normie St. Laurent and Hal Schneider. Adult Committee: Mr. Art Soetaert, Sr., Mr. Archie Schneider, Mr. Ambrose Brennels, Mr. Rolande Riopel, Mr. Sid Weiss, Mr. Buster St. Laurent.

Tony then gave a report of the club's activities over

the year.

The awards were presented as follows:

Grand Efficiency Winners were Miss Linda Schneider, presented by Mr. Red Krauskopf of National Grain.

Club Champion was Rene Leduc, presented by Keith Everitt on behalf of MacLeod's Store.

Reserve Champion - Dennis Schneider, Craig's Welding, presented by Keith Everitt.

Best Kept Records - Shirley Weiss, presented by Mr. B. Thom, Morinville Royal Bank.

Best Grain - Rene Leduc presented by Mr. Vince Curtis of Curtis Feed.

Showmanship - Dennis Schneider, presented by Mr. Keith Everitt on behalf of Pete Gibeau.

Best Judge - Linda Schneider, Sale's Auto Repair, presented by Mr. Keith Everitt.

Public Speaking - Paul Riopel, Morinville Drugs, presented by Mr. Keith Everitt.

Grooming - Paul Riopel, Labonte Meat and Grocery, presented by Keith Everitt.

The club secretary, Tony Rustemeier presented the leader, Mr. Art Soetaert Sr. with an engraved marble pen set, from the club members.

President Miss Linda Schneider expressed the club's appreciation to all those who made the steak barbecue and awards program a wonderful success.

Sturgeon council acts on public works report

Mr. Van de Walle, chairman of the committee, read to council the minutes of the public works committee meeting held Oct. 8, 1968. The following are matters dealt by the committee.

1969 BRIDGE REQUESTS

Moved that council request a reinspection by the bridge branch of the site at W/NW 2-55-26-4 and that bridge be erected instead of a proposed culvert. Council will also apply to the bridge branch for a bridge to be erected at W/SW 3-55-26-4.

Secretary treasurer will notify the department of the council's concern on the condition of bridge at S/SW 15-54-26-4 (2 miles east of Villeneuve) for reason of the 72,000 lbs. loads from Consolidated Concrete Limited travelling on said road.

Council will apply to the department for a 72" CMP culvert at S/SE 15-55-27-4.

Letter from the manager of Agra Mart to Mr. Stack was read at the meeting in regard to flooding and drainage problems where the company is located.

Moved that Mr. Charles Weir be requested to make a survey of the drainage problem from highway #2

on 156 street south to M.D. south boundary and extend the survey on to 127 Avenue and 125 Avenue with the future possibility of hard surfacing the road above mentioned.

Letter addressed to the Sturgeon School Division and forwarded to this office was read requesting the municipality to: 1) remove brush at intersecting corners of bus routes 2) place yield right of way sign at E. Vervynck's corner and the Cardiff road. 3) place yield right of way sign at R. Ricard's corner and Cardiff road.

The council agreed to refer this matter to the councillor of the area concerned.

The public works committee informed council that they had met with Mr. Tom H. Cowtan, plant manager, and Mr. Robert Hodgson,

project manager of the above noted company on Oct. 8 in relation to the possibility of hard surfacing or gravelling and oiling an all weather road this fall from Fort Saskatchewan. Bridge going northerly and connecting to the east Gibbons road. Mr. Cowtan informed the committee that heavy crude oil was available from Cold Lake for the cost of trucking and spreading only.

The committee stated that they had informed Mr. Cowtan that due to the lateness in the season it would not be feasible to commence hard surfacing or oiling the road in question this fall. Said request would have to be studied by council and cost sharing arrangement agreed upon by the company and M.D. Mr. Cowtan was assured that the East Gibbons road would be repaired on 50 - 50% cost sharing basis

Egg payments going out

A deficiency payment of 4/10 of a cent per dozen of eggs has been announced by the agricultural stabilization board. It applies to eggs marketed in the 1967-68 support year which ended Sept. 30, 1968.

Weighted national average price received by producers for Grade A Large size eggs in the support year was 33.6

cents per dozen -- 4/10 of a cent below the support price of 34 cents. Total payments to producers will amount to approximately \$500,000.

The surplus egg purchase program carried out in 1967/68 in the form of egg powder, is to be used by the government in external aid programs.

To be eligible for the deficiency payment, producers must be registered with the agricultural stabilization board and have sold eggs through approved egg grading stations, or be registered producers who do their own grading and sell directly to retail outlets.

Payment applies to Grade A Extra Large, Grade A Large, and Grade A Medium size eggs, to a maximum of 10,000 dozen. The stabilization board is mailing to all registered producers a claim form with instructions on filing for payment.

Vimy Column

Mrs. O. Fagan has returned from an extended trip to Reno, Nevada where she visited her sister Mrs. I. Ouellette.

The junior high soccer teams partook in the tournament held in Westlock on Oct. 19.

Baptismal services were held Sunday, Oct. 27 for Lori Anne, infant daughter of Mr. and Mrs. Hector Huot. Godparents were Mr. and Mrs. Roger Sabourin.

Congratulations are extended to Mr. and Mrs. Alcide Sabourin upon the arrival of a baby girl born at the Immaculate hospital Oct. 20.

The annual chicken supper and bazaar was very well attended. The parish council wish to thank all those who have helped to make this event a success.

Legal Locals

Mr. and Mrs. Joseph Paquin and family, Mr. and Mrs. Lethbridge from Brocket, and Mr. and Mrs. Antoine Paquin from Moose Jaw, Saskatchewan, all travelled to Penhold to attend Etienne's graduation from the RCMP school. He will now be stationed at Montreal

Mr. Lorenzo St. Jean, Bruno St. Jean, Mrs. Archille Bergevin, Mr. Ernest Lamarche, Maurice Regimbald, Donald St. Jean, Zenon St. Jean and Normand St. Jean travelled to Vancouver to attend the Martel Brothers funeral. Both boys were in their late teens and died accidentally. They are the sons of Mr. and Mrs. Zoutique Martel.

Mr. Lucien Paquin is back home after spending several days in the hospital.

Mr. and Mrs. Roger Gagne (nee Yvette Maurier) are proud with joy for the arrival of their first born, a bouncing baby boy Roland. Godparents are Mr. and Mrs. Roger Gagne from Westlock.

Mr. and Mrs. Leo Maurier wish to thank the Legal Fire Department, due to their quick response and alertness. There was no extensive damage done by the fire to their garage recently

A good number of Legal parishioners enjoyed the delicious chicken supper in Vimy Sunday evening.

If you have a surplus of vegetables remember that the Marian Centre would appreciate your donations. Kindly bring them direct to the Marian Centre.

Cleaning up your closets? The ladies are still accepting used clothing for the north missions.

Annexation-roads and bridges occupy MD Council

Messrs G. Wilson, L. Rye, W. Flynn, S. Walker, L. Kluthe, W. Van de Walle, D. Bevington and secretary treasurer A. Nobert were present when Reeve Walker reconvened the meeting of M.D. Sturgeon council on Oct. 11.

LAND ANNEXATION

The secretary treasurer submitted a report to council on his meeting with the municipal solicitor Mr. Lavalle re: the preparation of documents for the annexation of land west of 156 Street. He informed that there were 12 parcels of land involved affecting nine individuals or companies.

The assessment of the area in question consists of the following: land assessment \$60,570.00; buildings and improvements \$2,823,290.00--making a total of \$2,883,860. He recommended that a committee be appointed by council with authority to contact the property owners involved and try to obtain a letter of consent on annexation from each.

With such documents if obtained this municipality would be in a better position to meet with the council of the M.D. of Stony Plain and also for presentation with the land annexation application to the Local Authorities Board.

Moved that a committee consisting of Messrs Walker Flynn and Nobert be authorized

by council to personally contact each property owner of the area in question and attempt to obtain a letter of consent in relation to the proposed annexation.

1969 ASSESSMENT

The Secretary treasurer informed council that he had a recent meeting with Mr. E. Mills, chief provincial assessor, in regard to the commencement of a general assessment in this municipality. He was assured by Mr. Mills that the M.D. of Sturgeon was the first one on the list of areas to be assessed by assessment department and that a general program for 1969 will be prepared at the assessor meeting later in November of this year. He felt that most probably the office work such as preparation of field sheets would commence this winter and that the field work started in the early spring of 1969 and that such general assessment would be ready to put on the roll for 1971 taxation purposes.

INDUSTRIAL PLANS

Mr. Kluthe reported that Mr. Van de Walle and himself had attended the meeting of the Edmonton area industrial development association held earlier this month at which time this municipality had been introduced as a new member. Council

heard letters from Mr. D. S. Johnston, managing director of E.A.I.D.A. The secretary treasurer is to provide information to the association on recent developments in the M.D.:

Proposed Hotel complex north of 136 Avenue on 127 Street. Council will request the association's assistance on obtaining utilities from the city for this area.

Gagnon estate subdivision which is presently zoned industrial.

Council is giving top priority for 1969 on the upgrading of 156 Street with a possibility of hardsurfacing said road including 125 Avenue. The municipality has in mind of contacting the city for utility services of this entire area and would like to obtain the association's assistance on obtaining such.

ROAD PAVING

The secretary treasurer read a recent letter received from Honorable G. Taylor re: the cost of constructing the district road south of Villeneuve (and 118 Avenue into Edmonton). That is 17 miles of grade, applying base and pavement to a 32' width to handle 72,000 lbs. loading - total of \$1,770,000.00. There are six miles of said in Sturgeon and 11 miles in the M.D. of Stony Plain. Since Consolidated Concrete Limited request that road be constructed to 72,000 lbs. load capacity instead of the regular 56,000

lbs. \$700,000.00 of cost of building said road would be theoretically apportioned to Consolidated Concrete Ltd.

Council also authorized the councillor of the area concerned to gravel the roads in the Waldemere, Imperial Gardens and Sturgeon Crest Subdivisions.

ROAD SIGNS

Superintendent of public works will erect 30 m.p.h. speed signs on all roads of subdivisions and hamlets within this municipality. He will also erect an exit road sign at the west end of Roseberry Street in the Waldemere Subdivision and yield right of way sign and a T sign at S/NW 11-54-24-4.

A barricade and checker board sign will be put up on the dead end road that leads to the Saskatchewan River re: SW 14-54-23-4.

Council will apply to Mr. E. Belsheim, chief maintenance engineer of the department of highways, for the transfer of the remainder of appropriation (approximately \$20,000.00) that had been allocated to the construction and gravelling of the correction line, namely district road 727L from the N.E. corner of section 34-54-25-4 going easterly to the N.E. corner of section 32-54-24-4, to the gravelling of other municipal district roads that are designated on the plans of the Grid Road System Survey and Study. Council authorized the public works committee to designate the roads mentioned.

Sturgeon Calendar

- NOV. 2 - CORONADO - Annual Chicken Supper sponsored by the United Church Women.
 NOV. 5 - GIBBONS - Discussions for parents sponsored by the Sturgeon Health Unit from 2:30 to 3:30 p.m., in the Legion Hall.

 NOV. 9 - LEGAL - 4-H Clothing Club will meet in the recreation centre for a sewing session.

LUNG CANCER

Continued from page 10

early diagnosis, this cure rate could be achieved on more than the 40% of patients who are treated surgically.

In his article Dr. Delarue moves on to the question of prevention and immediately discards the medical profession's previous charitable stand towards the problems of the tobacco industry.

"The introduction of the one hundred millimeter cigarette in apparent disregard for public safety, focuses a clear light on the intention of the tobacco industry as a whole. Accentuation of the risk which is already so frightening cannot be tolerated. There is no longer any controversy concerning the validity of the evidence implicating cigarette smoking in a great variety of serious disease processes. The dangers of cigarette smoking are now universally accepted as scientific fact." He goes on to list a sorry story of illness, disability and death, illustrated by these American figures:

- 1) 11 million extra cases of chronic illness per year.

- 2) 20% of the annual work loss due to cigarette smoking.

- 3) 250,000 annual premature deaths.

- 4) An increase in the likelihood of death from heart disease amounting to 70% (200% if you have high blood pressure as well).

- 5) Five times the risk of death from heart disease in young people, 3 1/2 times between the ages of 40 and 60 if you smoke 1 1/2 packs of cigarettes a day.

If these facts haven't struck home with you they certainly have with the medical profession. Three out of four doctors used to smoke; now only one out of four smokes. It is not so difficult to stop; about one million adults give up smoking each year but unfortunately slightly more than a million children start smoking during this same period.

Or are you going to wait for the appearance of the 'safe' cigarette and then the extra 20 years while the scientists prove whether it is safe or not?

Graduation

Cont'd from Page 9

Sister Trotter, presented the diplomas while Mr. Arthur Krauskopf, a member of the school board, handed out the graduation pins. The valedictories, delivered by Miss Helene Hogue and Mr. Paul Riopel, expressed the feelings of the graduates at this important milestone in their lives.

Vice-chairman of the school board, Mrs. Anne Kryskow, presented cups to those students obtaining highest averages in their respective classes. They were: Miss Sharon Saunders grade nine; Miss Lorette VanBrabant, grade ten; Miss Judy Meyer, grade eleven; Miss Helene Hogue, grade twelve. The students' union gave plaques to general graduates in appreciation of the work, time and effort put into the school activities in past years. Recipients were: Miss Rachelle Pelletier, year book editor; 1966-67; Mr. Donald Weiss president, 1966-67; Mr. Rene Chevalier, president, 1967-68; and Mr. Maurice Froment, year book editor, 1967-68. The Catholic Women's League presented to the two grade nine students Grace Morris and Sharon Saunders, a cash award for achievements in grade nine. Miss Saunders also received an award from the Alberta Teachers' Association of Sturgeon Local No. 27.

The graduation address,

given by Mr. Fitzpatrick was followed by a few words from Mr. Kunst. Father Priemeau honored the school with the presentation of a picture of Georges P. Vanier given to him for that purpose by Mrs. Vanier while he was down East.

The parish hall dance floor virtually trembled beneath the feet of over 400 people. The graduation dance, amiably hosted by the "Satellites" ended the ceremonies on a very delightful note.

The community is proud of the graduates and offers them most sincere congratulations and encouragement for the future. The graduating students are: 1966-67: Lise Arbour, Betty Cherdachuk, Rolande Dakin, Stella Kilian, Colleen McDonald, Rachelle Pelletier, Paul Riopel, Olive Ruffange Louise Craig.

1967-68: Jeanette Bauwens, Gerard Borle, Louise Casavant, Denise Chevalier, Aimee Como, Denis Beland, Robert Found, Maurice Froment, Vivian Goldsmith, Helene Hogue, Lydia Kilian, Paul Krauskopf, Denise Labonte, Albert Meyer, Philip Morris, Yvonne Patry, Marilyn Ramsay, Yvonne Remillard, Denis Sabourin, Kenneth Saunders, Edward St. Laurent, Paul Verbeek, Donald Weiss, and Marie Turgeon.

the Gazette REFLECTS

Farmers should demand their place in the sun

Canadian farmers have much to be proud of and they don't have to go back to sod-busting settler days to find why.

Within the last 25 years they have increased food production to meet our greatly increased demands; they have released armies of workers from the land to work in other industries; they have earned 20 percent of our foreign exchange. All this on virtually the same area of farmland.

Today's farmer runs a modern business - food for sale. He produces enough basic food for 45 people but, like them, he goes to the grocery store for his own supplies. Yet though his grocery bill may be as big as the city dweller's - and his regular non-food purchases are considerably more - the farmer has not had the increases in income that workers in other industries have had.

It seems necessary that farmers should let the rest of Canada know that agriculture is in the front rank of essential, permanent industries. It is also just as important to the numerous industries that depend on as farmers customers. City dwellers should remember that there are more city than farm people employed in the work of getting food onto our tables!

With this in mind they should be convinced that a healthy agriculture is absolutely essential for a healthy Canada.

Goods and services used in farm business as distinct from farmers cost of living, were valued at \$2.6 billion in 1967. The two biggest items were feed, and repairs and operating costs of farm machinery. They cost farmers more than a billion dollars.

The farm machinery industry alone employs more than 12,000 workers who receive close to \$70 million annually in pay. The feed industry has about 8,400 employees. And farmers buy heavily from the petroleum, the rubber, the automotive, the hardware, the paint, the electrical, and many, many other industries.

Probably 22 percent of our manufacturing industries use raw material of farm origin and about 20 percent of the gross value of factory shipments are made from farm products.

The transportation industry is deeply involved too. In 1965 more than one third of the freight hauled through the St. Lawrence Seaway was of agricultural origin, and 16 percent of the freight hauled by railways came off farms. Transportation also delivers farm supplies.

WORD TO THE WIFE

Equally telling is the farmer's service to the consumer. Their efficiency means that the housewife spends less and less of the family's take-home pay on food - 25 percent in the early fifties and less than 22 percent today. This is about the lowest in the world.

The non-farm sectors of Canada must be reminded that it is in their financial interests to promote the prosperity of the farmer.

Farmers should make it their business to put their case to the country so that they will be treated as an equal by the big industries they do business with.

If agriculture is to take its rightful place we must have deeper mutual understanding between our rural and urban peoples, and this means greater appreciation of each other's strivings and achievements.

Recreation Report

WELDING: The recreation board is in the process of organizing the course. Those who are interested, do not delay in submitting your names to the board.
RADIO: At present, the board is trying to find an instructor who is fully qualified and has the time to devote to this.

MUSIC: More than 60 pupils are registered with the ABC Music School. Lessons in piano, drums, accordion and guitar are being offered at Notre Dame Elementary School Monday and Tuesday evenings and Saturday mornings.

The ABC Music School is able to bring out another guitar teacher, provided there is a sufficient number of applications to warrant it. This is only for guitar. Other teachers are not available.

If you are interested in teaching guitar lessons, give your name to Rachel Morissette, Phone 256-3072.

ARTS AND CRAFTS: On Oct. 22 we had wonderful displays and demonstrations in several arts and crafts. Professionals were on hand to give demonstrations. They were: Mrs. Ponch-basketry, leather craft and copper tooling; Robert White - enamelling; Miss Rosalind Grant - ceramics; Bill Morton - block printing; and Les Graff - batik. The recreation board wishes to extend a vote of thanks to these people.

Unfortunately, very few took advantage of this opportunity to familiarize themselves with these different arts and crafts.

If you are interested in any of the above courses and you have not already submitted your name, please do so without any delay.
